spreading smiles, one small act at a time

Please enjoy this gift in memory of Diana Gott.
She left us in 2011, but her smile shines on.

Diana was known for sending the perfect card to everyone she knew for all occasions. Diana married her high school sweetheart, raised 3 children, lived on a farm her entire life, was a devoted daughter, sister & friend, and ferociously survived cancer three times before suddenly passing away from bacterial meningitis at the age of 52.

she lived with a beautiful smile on her face each and every day.

She was a caring, genuine, sincere and kind-hearted person that is missed daily by all who knew her. Her 6 grandchildren are growing up surrounded by stories of their amazing grandma. "Grandma" was the role she loved most in life.

We would love to hear how you were affected by her love, while she was here or since she's been gone: #DoItForDiana
